

**GLOBAL NAVIGATION AND  
PLANNING CHART (GNC)  
SCALE 1:5 000 000**

**NORTHERN HEMISPHERE**

**PURPOSE:** The series is designed to provide worldwide coverage (27 charts) for operations involving extended long range, high speed, high altitude navigation with secondary considerations given to mission planning and general briefings.

**PROJECTION:** Lambert Conformal Conic, except Transverse Mercator for Polar chart.

**SIZE:** 1460mm x 1057mm (57.5" X 41.6")

BASE DETAIL SHOWN.

**CULTURE:** Cities of strategic or economic importance, major towns, primary road and railway networks, and miscellaneous outstanding cultural features.

**HYDROGRAPHY:** Coastline, major lakes and rivers.

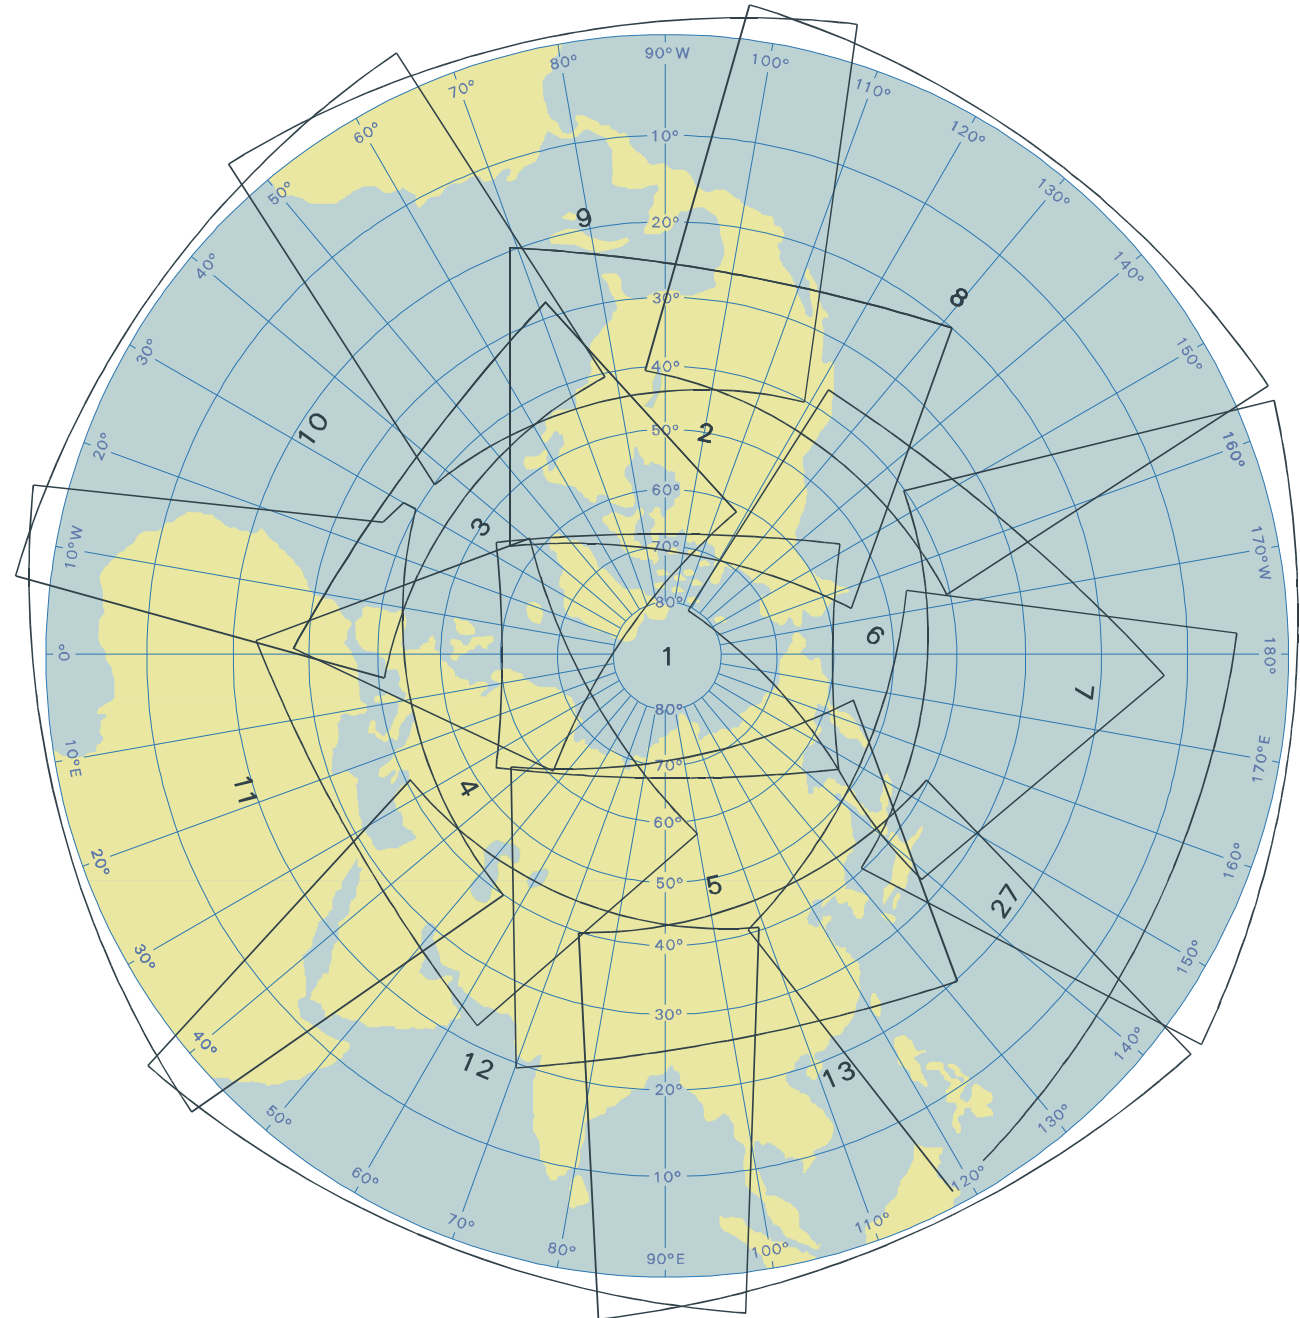

**RELIEF:** Shaded relief with tints indicating relatively flat areas and those of steep relief, and spot elevations. No contours or gradient tints.

**VEGETATION:** None

**AERONAUTICAL OVERPRINT:** Aerodromes, selected radio facilities, isogonals, and selected airspace reservations are shown.

**GRID OVERPRINT:** Sub-polar navigation grids, except polar navigation grid for polar chart.

**PRODUCTION AGENCY:** NIMA

# GNC SERIES

## EDITIONS AVAILABLE Northern Hemisphere
