

TERMINAL AREA CHART (TAC)- AUSTRALIA

PURPOSE: Pre-flight planning and in-flight navigation for use in conjunction with Enroute Supplement. For use in terminal areas, these charts are designed to display aeronautical information at a larger scale for easier use in these information congested areas.

SCALE: Various (see TAC Series Inventory)

PROJECTION: Lambert Conformal Conic

SIZE: 1143mm x 508mm (45" x 20")

BASE DETAIL SHOWN.

CULTURE: Nil

HYDROGRAPHY: Coastline, major lakes and rivers.

RELIEF: Nil

VEGETATION: Nil

AERONAUTICAL OVERPRINT: Comprehensive information on radio navigation facilities, route structures, isogonals, LSALTs, and Special Use Airspace at all levels.

GRID OVERPRINT: Nil

TAC SERIES INVENTORY

For information on the effective date of the charts check the front of the AIPAB.

TAC1

Cairns/Townsville	1:875 000
Mackay	1:1 001 119
Rockhampton	1:720 134
Brisbane	1:700 000

TAC2

Williamtown/Sydney	1:729 000
Sydney/Canberra	1:698 000
Darwin	1:784 000
Alice Springs	1:750 000

TAC3

Melbourne	1:500 000
Launceston/Hobart	1:530 790

TAC4

Perth	1:700 000
Adelaide	1:700 000
